The poster exhibit is part of the WHCC Health Innovations Initiative, www.whcchealthinnovations.com a year-round program that features health care innovations that improve health care while reducing costs. To submit an innovation for display at the conference and award consideration, visit www.worldcongress.com/middleeast/posters

About the World Health Care Congress Middle East

Launched in 2010, the World Health Care Congress Middle East, is the premier conference to feature global health care innovation. It attracts more than 600 senior health care thought leaders from all industry sectors, including hospitals, health systems, employers, government agencies, pharma, biotech and industry suppliers. WHCC Middle East is organized with sovereign partners the Health Authority-Abu Dhabi (HAAD) and the Abu Dhabi Tourism Authority (ADTA). Additional sponsorship is currently provided by The Abu Dhabi Health Services Company (SEHA) www.seha.ae and Children's National Medical Center www.childrensnational.org.

About Health Authority – Abu Dhabi (HAAD):

The Health Authority – Abu Dhabi (HAAD) is the regulative body of the Healthcare Sector in the Emirate of Abu Dhabi and ensures excellence in Healthcare for the community by monitoring the health status of the population. HAAD defines the strategy for the health system, monitors and analyses the health status of the population and performance of the system. In addition HAAD shapes the regulatory framework for the health system, audit against regulations, enforce standards, and encourages adoption of world – class best practices and performance targets by all healthcare service providers in the Emirate. HAAD also drives programs to increase awareness and adoption of healthy living standards among the residents of the Emirate of Abu Dhabi in addition to regulating scope of services, premiums and reimbursement rates of the health system in the Emirate of Abu Dhabi. www.haad.ae

About Abu Dhabi Tourism Authority

Abu Dhabi Tourism Authority (ADTA) was established in September 2004. It has wide ranging responsibilities for building and developing the emirate's tourism industry. These include; destination marketing; infrastructure and product development and regulation and classification. A key role is to create synergy in the international promotion of Abu Dhabi through close co-ordination with the emirate's hotels, destination management companies, airlines and other public and private sector travel-related organizations. www.abudhabitourism.ae
